Wood as never seen before!!

Supercap mission has always been innovation for its products and attention to sustainability.

This has led us to take up a great challenge, thus designing a brand-new customization:

Wood Effect

Available for T-Monobloc and T-Pourer,
the top customized with Wood Effect
recalls the texture and grains of natural wood:
a real trick of the eye!

*A chameleon solution,
100% recyclable!*

The products are single-material and
therefore completely recyclable!

Wood Effect customization
is also available for **EICLO®**
